	APPROVAL OF STATE ENGINEER
	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to
ob ac	ghts on the source. It is understood that the amount of water her anted is only a temporary allowance and that the final water right tained under this permit will be dependent upon the amount of wate tually placed to beneficial use. It is also understood that this
ri	ght must allow for a reasonable lowering of the static water level
at.	permittee's well due to any other ground water development in the
ar	ea. A substantial weir or other type of measuring device must be
in	
***	stalled and measurements of water use kept. The well shall be
eq	uipped with a 2-inch opening and an air line for measuring depth t
